Lead Product Designer

Product designer in fintech and travel. My work is used by 30M+ people a month. I lead design teams, run research and A/B tests, and prototype and ship with code and AI.

EXPERIENCE

Emerging Travel Group · Lead Product Designer

Oct 2023 - Present

- Responsible for the hotel booking experience across all B2C and B2B brands
- Led the hotel and apartment page redesign: 14 user interviews, then block-by-block A/B tests. +7% bookings, about $1.8M extra revenue per year
- New rate selection: +5% conversion to booking form for hotels, +9% for apartments
- Manage and mentor product designers

Tinkoff · Senior → Lead Product Designer

Oct 2020 - Oct 2023 · 3 yr

- Led a team of 5 designers across payment services
- Redesigned the Tinkoff Kassa merchant account (300k+ merchants) and launched its mobile version: CSAT 4.2 → 4.5, retention +15%, support calls −18%
- Redesigned the payment form used by 30M+ people a month: card payments +9%, Tinkoff Pay +16%
- Moved internet acquiring from web into the Tinkoff Business mobile app
- Ran user interviews and CSAT research, set up design processes with PMs and engineers

PerfectArt · UX/UI Designer

Nov 2019 - Oct 2020 · 1 yr

- Designed in-house web and mobile services for large retail and industrial companies, from research to launch

SIDE PROJECT

Built a full product with its own design system using Claude Code, from idea to launch. It's live in production. Happy to walk you through it in an interview.
